Hollin Primary School

Our Curriculum

At Hollin Primary School we want to enable children to understand the world around them and the skills within them, so they can become passionate, fulfilled individuals and active compassionate citizens.

We will inspire, engage and teach purposeful lessons that cover a rich, varied and creative curriculum. We ensure each child practices taking risks, learning from mistakes and persevering towards their most ambitious goals.

We want to create happy pupils' who aim as high as they can, whilst still enjoying their childhood. The children will benefit from as many opportunities and experiences as possible.

Children begin their learning journey following the statutory Early Years Foundation Stage curriculum.

The EYFS has three prime areas of learning:

- personal, social and emotional development;
- communication and language;
- physical development.

and four specific areas of learning:

- literacy;
- mathematics;
- expressive arts and design;
- understanding the world.
